

Sapna Pradip Sadarangani

Consultant, Department of Infectious Diseases and NCID
Clinical Lecturer, Lee Kong Chian School of Medicine, NTU
Research Collaborator, Mayo Clinic, Rochester, MN, USA

Research Interests:

- Vaccine-preventable Diseases in Adults, Particularly the Elderly and Children
- Infections in the Elderly, Particularly Influenza
- Emerging Infectious Diseases
- Global Health and Travel Medicine

Email: Sapna_Sadarangani@ncid.sg ;

Notable Research Awards & Grants From Past 5 Years

Name of Awards & Grants	Year Obtained
Institute of Infectious Diseases and Epidemiology Centre Grant Seed Funding for “Vitamin D and Host immune response to Dengue Virus in Elderly and Adults”	2016
NHG-LKCMedicine Clinician-Scientist Career Scheme (CSCS) (Junior) for “Evaluation of Metabolic Predictors of Influenza Vaccine Immune Response in the Singapore Elderly Population- the DYNAMIC trial”	2017
NMRC Clinician Scientist Salary Support Programme (CSSSP)	2019
NMRC Clinician Scientist – Individual Research Grant New Investigator Grant (CS-IRG) for “Probing the Immunometabolic Factors of Influenza Vaccine Immune Response in Singapore Elderly”	2019
RIE2020 Collaborative CG Seed Funding for “A seroepidemiology study of healthcare workers and employees during the 2019-nCoV (COVID 19) outbreak at the National Centre for Infectious Diseases, Singapore”	2020

Translating Research Into Healthcare

- Until mid of March, there's no sign of COVID-19 transmission among healthcare staff and within communities. *Lian He Wan Bao*. Published 29 April 2020.
- Protection for healthcare staff in Singapore adequate so far. *The Straits Times*. Published 30 April 2020.
