

## Er Chaozer

Consultant, Department of Medicine, WH

Research Interests:

- Venous Thromboembolism

Email: [chaozer\\_er@whc.sg](mailto:chaozer_er@whc.sg)

### Biography

I graduated from the University of Glasgow in 2009. I completed my internal medicine residency and advanced internal medicine senior residency training in 2014 and 2016 respectively at TTSH. I have special interest in venous thromboembolism (VTE) and have completed a thrombosis attachment at the Singapore General Hospital, Department of Haematology from 2020 November to 2021 April. I run VTE clinics at both KTPH and TTSH. I also provide inpatient vascular medicine referral service at TTSH.
