

Yew Kuo Chao

Senior Consultant, Department of Gastroenterology and Hepatology,
TTSH

Research Interests:

- Hepatology
- Healthcare Modeling
- Healthcare Information and Analytics

Email: Kuo_Chao_Yew@ttsh.com.sg

Biography

Dr Yew Kuo Chao is known for his contribution to Gastroenterology and Hepatology. He received his basic medical training in the University of Malaya and subsequently obtained MRCP (UK) and M.Med (Int Med) Singapore in 2009. He went on to do his post-graduate training in Gastroenterology at Tan Tock Seng Hospital and furthered his training in Hepatology at Chang Gung Memorial Hospital Taiwan on an HMDP Fellowship Award. Chang Gung Memorial Hospital is renowned for its research in viral hepatitis. His collaborative work on a review article on the future of Anti-reflux Endoluminal Therapies has received 17 citations, even by American Society for Gastrointestinal Endoscopy. His subsequent work focuses on Hepatology, health-care related services and prediction modules. He has also special interest in health-care information and analytics.
